Register For Classes - Search Criteria

Find Classes Submit Button
Scroll down to find more search options and the submit button.

Find Classes
Enter any of these search criteria to find the class you want to register for.

Search Results
Once you hit "Submit," the results of your search will appear in the same box.

Meeting Time
Days in blue are the days the course is meeting. If none of the days are in blue, it's a course that meets online asynchronously.

Add Button
Click on the "Add" button for the section you want to register for.

Search Again Button
To go back to the "Find Classes" search criteria, click this button.

Register For Classes - Search Results

Search Results
Once you hit “Submit,” the results of your search will appear in the same box.

Campus
If the campus is “Internet” then the course is online. If none of the days are in blue, then the course is online asynchronous.

Search Again Button
To go back to the “Find Classes” search criteria, click this button.

Course Detail
Click on the course title to view more information about a specific section including the course description and pre-requisites. Click the topics on the left side to toggle between the various information. When you’re done, click “Close”.

Meeting Time
Days in blue are the days the course is meeting. If none of the days are in blue, it’s a course that meets online asynchronously.

Add Button
Click on the “Add” button for the section you want to register for.

Register For Classes - Complete Registration

Success Message
After you hit “Submit,” you’ll see this message at the top.

Registered Status
Courses you registered for will display in the Summary panel, and your schedule view will turn green.

Registration Summary
You can see how many hours you’ve registered for at the bottom of the summary panel.

Note about Online Courses
If the course is online asynchronous, it will not show up in the Schedule panel since it does not have an assigned day/time for meeting.

Register For Classes - Errors

Error Message
The Summary and Schedule panels turn red and an error message pops up in the upper right corner detailing the specific issues with registration.

Clear Your Error
In order to clear any errors, the course must be removed from the schedule. Make sure the Action for the course that needs to be removed says “Remove” and then hit “Submit”.

MAT 1224 CRN 26562: Prerequisite and Test Score error
MAT 1224 CRN 26562: You must have completed MAT 1193 or MAT 1214 with a C- or better.

**Registration Error Messages**

Below is a list of the most common registration error messages along with their explanation.

- **CORQ_Course CRN REQ**
  (example: CORQ_BME 3711 REQ)
  Some courses require that you register for two classes at the same time, such as lecture and lab classes. These types of classes are referred to as corequisites. For example, BME 3703 is the lecture portion of the class that needs to be taken with BME 3711, the required lab activity associated with the class. When registering for classes that require corequisites, both CRNs must be added to the schedule at the same time. The CORQ error message gives you the Course ID and possibly the CRN of the missing corequisite that you should enter, along with your initial CRN.

- **Duplicate Section**
  You are currently registered for another section of this course. If you are trying to switch sections, you must drop the current registered section while adding the new section at the same time.
  Linked Course Required – This course has a linked class or lab section that requires concurrent enrollment. When registering, make sure to enter both CRN’s at the same time before clicking on the “Submit” button.
  
- **CRN Does Not Exist**
  You have attempted to enter a CRN that is not presently in the Schedule of Classes. Often this is a typing error; double-check the CRN that was entered for accuracy. Possibly you may be in the wrong term and there is no matching CRN for the term that you are trying to register.

- **Independent Study apvrvl req**
  You may not register for Independent Study courses on their myUTSA Account. Fill out the Independent Study Course Form, obtain the authorizations, and bring the form to the One Stop Enrollment Center. The form is reviewed and you are registered manually.

- **Level Restriction**
  This error message appears when you are an undergraduate student attempting to register for graduate level courses without proper authorization. Please see your advisor if you have questions about this registration error message.

- **Major Restriction**
  Courses with this message status require that you be listed as a major in whatever program of study is required for admission to these classes. Please see your advisor if you have questions about this registration error message.

- **Other Special Approval Restrictions**
  Contact the advising or department office of the requested course or the office specified in the error message.

- **PREQ and TEST SCORE-ERROR**
  Many courses require prerequisite courses or placement tests be completed before you can register for the course. Your myUTSA Account will screen for designated prerequisites on specific departmental courses. Prior to registering for a course, you can check the prerequisites for it in the current catalog by clicking on the title of a course in the Schedule of Classes. In certain circumstances, students may request permission from academic advisors, department chairs, associate deans, and/or instructors to register for a course without having the specified prerequisite completed or in progress. To request an override, please submit a Prerequisite Override Request Form.

- **Time Conflict**
  You have attempted to register for two classes that have identical or overlapping times. This error message gives you the CRN of the class that is preventing you from registering. If you need the class that you just tried to register for, then drop the class that is currently listed on your schedule. If the classes only have a brief time overlap and both classes are needed, then a memo of permission from each instructor must be brought to the Registrar’s Office (MS 2.02.24) to have the time conflict overridden.
